

Kawartha Works
Community
Co-operative

Maybe you've already come across the [Open Letter to Residents of Kawartha Lakes](#), (see below) encouraging those who are able to donate Ontario Government rebate cheques for \$200 to the charity of their choice. The letter was developed quickly by a collection of local social service organizations, to show broad acceptance for the idea.

We recognize that while there are many who need the \$200 Ontario relief, there are also many who could consider the greater public good that taxpayer rebates could create for the Kawartha Lakes nonprofit sector.

[Please share this letter](#) or this broader message on your social networks, email, google ads, etc. to encourage a movement of generosity. Share with charities we may have missed.

Times are tough. This is needed. And it can make a big difference to the Kawartha Lakes.

KWCC has two new projects that you might like to support with your donation:

Fenelon Falls Youth Program: Partnering with BGC Kawarthas we are opening a youth after school drop-in program for youth aged 12 to 18 in February. For more information and to donate, go to [Giving - BGC Kawarthas](#) and select "Expansion of Youth Services to Fenelon Falls."

Vital Signs: KWCC is partnering with the Community Foundation of Kawartha Lakes and the City to begin a multi-year community research program called Vital Signs. It will use local data and knowledge to measure the health and vitality of Kawartha Lakes communities and develop action towards improving collective quality of life for all. The results of this work will direct investments to where they can have the greatest benefit and impact. To donate, go to [Opportunities Fund — Community Foundation Kawartha Lakes](#)

Warm regards,

Jim Armstrong

An Open Letter to the Residents of Kawartha Lakes

The Ontario government has announced it will be sending a cheque for **\$200** to eligible adults and children under 18. This initiative comes at a time when many families are struggling and in need of support.

Some people have approached us, acknowledging that they are fortunate enough not to need the help themselves. They would like to donate their \$200 cheque to create a meaningful impact in the lives of others.

As a collection of local social service organizations, we share a clear and urgent message: **the demand for assistance has reached an unprecedented level.** Many families in our communities are grappling with hunger, cold, homelessness, isolation, safety, mental or physical health issues and other critical challenges. Many charities work tirelessly to create lasting change through initiatives in Indigenous education, environmental conservation, youth mentorship, community care, and more. The organizations dedicated to these causes can continue to make meaningful impacts with the help of those who are able to contribute.

If you are in a position to do so, **please donate your \$200 rebate to a charity of YOUR choice.** You can find many charities on [Canada Helps](#) or donate directly on your charity's website.

We understand that addressing immediate needs may feel like treating symptoms rather than solving the root causes of systemic issues. However, as we work together as a community to find long-term solutions, we must also ensure that no one is left behind in the present.

Together we can collectively strengthen our community. Your kindness and generosity can bring hope to those who need it most.

Thank you for considering this call to action.

Sincerely,

Laurie Dillon-Schalk, Executive Director, Community Foundation of Kawartha Lakes

Jim Armstrong, Chair, Kawartha Works Community Co-op

Janice Balfour, Executive Director, Big Brothers, Big Sisters

Brenda Roxburgh, Executive Director, VCCS Employment Services

Lori Watson, Executive Director, Womens Resources

Amy Terrill, Executive Director, BGC Kawarthas
